Jan. 14 .- The president continues to receive numerous telegrams from New Orleans, which, with those privately addressed to other parties, do not in dicate an early determination of the politi-cal troubles. A resolution for the appointment of an investigation committee may be offered in the House of Representatives to-morrow. Some of the members of congress express the opinion that a correct history of the troubles cannot be obtained un less such committee conduct their investigation in New Orleans, and say that even in other if the troubles should end before the committee could reach there, the information officially obtained would be valuable in view of future legislation. It is known that President Grant is des.rous of avoiding a declaration of martial law, and that it will not be resorted to unless from absolute necessity. He has privately said that it would be proper for congress to take measures looking towards a settlement of the trouble.
